Fields:

Overview:

This is the County of San Diego, Department of Parks and Recreation polygon Parks_CN layer, representing County Park-specific owned, co-owned, leased, funded or cooperatively managed park units.

Attribute item NAME_FULL is the full name of the park unit. Attribute item CARTO_NAME is the abbreviated park name (often a first part of the name), to reduce overlapping type conflicts in cartographic products, by omission of a portion of the name or by displaying/stacking two lines of type in conjunction with attribute item CARTONAME2, or when DPR requests not to use a portion of the full name. Attribute item CARTONAME2 is a second part of a full park name (NAME_Full) and is used with CARTO_NAME in type stacking to reduce type conflicts in cartographic products. Attribute item PARK_TYPE contains a categorical listing of park types.
